

Study Abroad (SAB)

SAB 2990. Study Abroad/Exchange. 9-15 Hours.

For students accepted into the Study Abroad/Exchange program. Used to maintain enrollment at Utah Tech while enrolled in coursework at another institution through this program. Upon completion of the Study Abroad/Exchange semester, students submit an official transcript from the exchange institution. This course will be replaced with the actual courses and credits earned at the exchange institution. Course is non-transferable, and credits do not count toward graduation. **COURSE LEARNING OUTCOMES (CLOs) At the successful conclusion of this course, students will be able to: 1. Demonstrate learning through original and creative ideas. 2. Collaborate with others to accomplish a shared purpose or goal. 3. Use appropriate strategies and tools to represent, analyze, and integrate course-specific knowledge. 4. Develop the ability to think critically about course content. 5. Apply knowledge from course to a range of contexts, problems, and solutions. Course fee required. Prerequisite: Instructor permission.

SAB 2991R. Study Abroad/Community. 0 Hours.

For participants and non-degree seeking students accepted into the Study Abroad program. Used to enroll students who have been approved to participate but are not seeking credit for the course. Prerequisite: Instructor permission.
