Art - Photography/Digital Imaging Emphasis, BA/ BS

Program Description

An education in Visual Arts can be defined as the process whereby one learns how to produce art; engage in the aesthetic and critical analysis of art, and to talk, read, and write about art. Students at Utah Tech will be exposed to numerous concepts and activities involved in becoming visually and aesthetically literate. As part of their artistic study students will become proficient in their art discipline. Students will have opportunity to visit major regional art museums and exhibit artwork both on and off campus.

Program Curriculum

120 credits

Utah Tech General Education Requirements

All Utah Tech General Education requirements must be fulfilled. A previously earned degree may fulfill those requirements, but courses must be equivalent to Utah Tech's minimum General Education standards in American Institutions, English, and Mathematics.

BA/BS Art Program Learning Outcomes:

At the successful conclusion of this program, students will be able to:

1. Produce a body of work (portfolio) suitable for seeking opportunities in art and design.

2. Solve complex problems related to the conceptual process of creating art.

3. Express artistic concepts and intent using visual, oral, and written communication.

4 Art - Photography/Digital Imaging Emphasis, BA/BS

4. Evaluate artistic work using visual language to explain basic design principles and concepts.

5. Employ principles of visual analysis and visual literacy to appraise the composition and socio-historical context of art works.
