

Studio Art, MFA

Program Description

The Masters of Fine Arts program is a Studio Art degree that focuses on career readiness for professional artistic and entrepreneurial practices through active and applied learning techniques. Students will conduct creative research in all studio courses through purposeful discovery and by utilizing creative problem solving. The program will prepare graduates to become experts in their chosen medium of specialization, in addition to equipping students with the knowledge needed to start a business in visual art and/or teach effectively for an institution or studio practice.

Admission Requirement

Acceptance into the MFA program will be based on the number of seats available and an evaluation of the following information:

1. B.A. or B.S. or BFA from a regionally accredited institution or equivalent for international students
2. 3.0 cumulative GPA or higher in the last 60 credit hours
3. 6 credits of upper-division Art History
4. Portfolio of images, see Graduate handbook for specifications
5. 2 confidential letters of recommendation

All international students and any applicants educated outside the United States must demonstrate proficiency in Standard American English. The following link (<https://graduatestudies.utahtech.edu/international-student-graduate-admission/>) lists additional information needed to supplement an international application.

Program Curriculum

60 credits

Code	Title	Hours
Required Courses:		
ART 6010	Entrepreneurship I	3
