

# Master of User Experience Design (UXD), MUXD

---

## Master of User Experience Design Program Learning Outcomes

At the successful completion of this program, students will be able to:

1. Design User-Centered Solutions: Create user-centric designs that address contemporary user needs and challenges.
2. Evaluate User Experience Tools & Methods: Assess and employ cutting-edge UX methodologies, tools, and practices essential for advanced user experience design.
3. Ethical and Inclusive Design Considerations: Appreciate, incorporate, and champion ethical, inclusive, and accessibility considerations in design solutions, ensuring diverse user needs are met.
4. Collaborative Design: Work effectively within interdisciplinary teams to conceptualize, design, and refine user-centric solutions.
5. Effective Communication of Design Concepts: Articulate, justify, and visually communicate design decisions and concepts to both technical and non-technical stakeholders
