Surgical Technology, AAS

AAS Surgical Technology Program Learning Outcomes

At the successful conclusion of this program, students will be able to:

1. Employ surgical technology roles and duties with appropriate competency and safety at entry-level for employment.
2. Apply fundamental theoretical knowledge appropriate for the practice of surgical technology.
3. Evaluate emerging surgical knowledge to support innovations in surgical practice.
4. Differentiate appropriate professional behaviors necessary to obtain employment.
5. Demonstrate competence and safe practice under pressure in demanding surgical situations.
6. Adapt to unexpected circumstances in surgery to ensure safe patient care.
