

RN-BSN, Bachelor of Science in Nursing (BS)

BS Nursing Program Learning Outcomes

At the successful conclusion of this program, students will be able to:

1. Person-Centered Care: Distinguish an individual's diverse history to facilitate holistic quality care.
2. Clinical Judgment: Demonstrate best practice to delivering care.
3. Communication: Plan therapeutic interactions with patients and inter-professional team members.
4. Compassionate Care: Facilitate caring interactions while acknowledging vulnerabilities.
5. Professionalism: Practice a sustainable nursing identity reflecting nursing's characteristics and values.
